FRANKFORT ROUNDABOUT.

Judge Thomson has decided that the capital stock of the Deposit Bank is subject to taxation for county purposes. The Bank will consult higher legal authority.

Stoney Creek.

M. R. Fear's school term will expire on the 22d inst.

Mr. Alex. Harper and wife, of Belle Point, are visiting Mrs. Louisa Moore this week.

Mr. Charleston Hanley and wife, of Fayette county, are visiting relatives in this neighborhood.

I am under many obligations to Mr. Hunter for offering an excuse for me, though as he has set himself up for a critic he should have so signed his name instead of Hunter, for I think he has hunted long enough in vain.

The debate at the school house Saturday night passed off very nicely. There will be another debate at the same place Saturday night, the 15th inst., on the question "which deserves the most praise, Columbus for discovering America, or Washington for defending it." Everybody invited.

Married at Antioch Tuesday, Dec. 11th, Mr. Robert Edgington, of Henry county, to Miss Jennie Penn, of this county. Miss Lizzie Clark and Mr. Thomas Shack, both of Henry, were the attendants. The bridal party left for Pleasantville on the afternoon train where a reception was given them. There was about a hundred friends of the parties present to witness the tying of the nuptial knot by Eld. J. K. P. South.

TENOR.

Mr. John Talbot, Louisville Ky., says Brown's Iron Bitters has cured him of neuralgia of long standing.

Antioch

Farmers are nearly all done gathering corn.

Mr. Milton Smith has been quite ill this week.

Madame rumor says there is another wedding soon to follow.

We had a very nice social at Mr. Fielding Branner's Wednesday night of last week.

Mr. Edward King, for many years a resident of this neighborhood, was buried at this place last Sunday.

The Stoney Creek debaters didn't get away with the Bald Knob boys quite so bad last Saturday night.

We would be very much pleased if your correspondent from Church School-house would make a swap with us, as we have too many boys in this neighborhood.

Married.—At this place Tuesday December 11th Mr. Robert Edgington and Miss Jennie Penn. Attendants—Mr. Thos. Shack and Miss Lizzie Clark. The ceremony was performed by Elder J. K. P. South.

HUNTER.

Bridgeport

The Roundabout is the paper.

Mrs. Ella Jackson has been quite sick this week.

We are glad to see Antioch to the front again. Long may she wave.

Little Lizzie, daughter of Billie and Maggie Jackson has recovered from a recent illness.

Regular services at South Benson Church tomorrow at eleven o'clock. Rev. R. F. Middleton pastor.

A brother of the pastor, Elder Terrell, of Bridgeport Christian Church, preached here last Sunday, both morning and night.

The Bridgeport Christmas tree will be erected as usual Dec. 25 at night. A few exercises, declamations, dialogues, &c., rendered by the Bridgeport school will be held in connection therewith. Come one, come all. The Editor of the Roundabout is especially invited to be present.

Roll of honor of Bridgeport school for week ending Dec. 15, 1882: Lena Roberts, Rosa Hieatt, Mattie Lou Crockett, Willie Parrent, Crockett Parrent, Marion Parrent, Daisy Parrent, Paul Crutcher, Eld. Crutcher, Ruthie Roberts, Sallie Ruth Wilson, Willie Russell, Fred Rump, Bernice Jenkins, Chion Sanders.

Benson.

Mrs. James Shouse is improving slowly. Mrs. J. H. Sheets is still unable to leave her room.

This would be a good place for a sober, industrious shoemaker.

There is some talk of a broom factory being established here. It will pay.

The children are beginning to talk about Santa Claus what will he bring me?

Little Lena Brunley, daughter of John Brunley, is very sick with pneumonia.

W. F. Clark and wife have been very sick but are reported better at this time.

The packet Fox has been icebound for nearly a week; she will now resume her regular trips.

Calvin Sheets, his two sons and two daughters, have been very sick with malarial fever, but are thought to be improving slowly.

Little Maggie Clark, daughter of Wm. Clark, who has been in very poor health for several months, we are glad to hear is now improving.

What has become of the Truesville correspondent, did that big hunt lay them all up? or perhaps one of that party is watching the one fox he got into three holes. How was it, Johnson?

There is less litigation in this precinct than any we know of in the county. Our magistrates would starve on the income of their offices. There have been no counts held for four or five months. Hurrah for Benson.

Mr. John Bodkin's daughter, Ella, aged 14, while in a fit fell backwards into the fire a few days ago, and had it not been for her mother would have been horribly burned. Fortunately she was only slightly burnt.

The freight train from Louisville last Monday morning (John Magrath, conductor) just after passing this station, by some means broke its coupling, but it going down grade, it ran as far as Conway's mill, where they came together with a crash. One of the brakemen was thrown from the top of a box car on to a flat car, but sustained no serious injury. Several of the cars had their head block smashed to splinters, their draw bars broke and one of the box car's trucks forced about three feet under the car. Coal, iron, and wood were scattered for several hundred yards along the track. This accident threw the accommodation about an hour behind time.

Church School House.

Hogs are worth only six cents.

Born.—On the 31 inst., to Elder V. M. Gaines and wife, a son.

Mr. Brose Quarles and wife are talking of going to the Forks of Elkhorn to live.

Please don't forget Christmas will soon be here, and we will all have something to laugh at.

What would the people do without the Roundabout? Everybody considers it their best friend.

Friends, if you want to do well, marry; but if you want to do better, for goodness sake stay single.

Weather prophets say it will be colder "dixen" from now until spring makes her appearance. "Whether there be prophecies they shall fail." Let this sentence console all poor cold natured creatures.

Some one reports that turkeys are ripe. I wish they would please tell us where they grow, for it would be a perfect curiosity for the people of this vicinity to gather them.

While riding along the other day I heard several guessing and wanting to know who this Reporter is, but I tell you you would be shocked as by electricity if you only knew. But believe me, it is only I; be not afraid, for I'm neither a lion or hyena, but—

ALWAYS AS NOW.

Bald Knob.

It is rumored that we will have a wedding in this vicinity in a few days.

Parties are plentiful in this neighborhood, and the young folks are having a good time.

It is said that a young man in this section took his girl to church, and when he found his rival was there, sat on the stile blocks and held the young lady's horse during service to keep the other fellow from going home with her.

Mr. Rance Peyton says he is afraid he will lose his hogs from having put them in a warm bed to sprout them and then took them out too soon. He says they have taken cold, and he will lose part of them without a doubt.

Roll of honor of Bald Knob School for the week ending December 8th, 1882: Masters Noel Lee, Wm. Warren, Tilden Harrod, Frank Abbridge, Curtis Rodgers, L. McDaniel, B. Marshall, and Wm. Paris; Misses E. McDaniel, V. Gordon, M. Nash, L. Peters, N. Sanford, and C. Nash.

The debate which was held here on Friday night of last week between Joseph R. Fears and D. P. Bentley attracted quite a large crowd, and all seemed to enjoy the occasion very much. Mr. Bentley, thinking himself unable to cope with Mr. Fears in an argument, secured the assistance of Mr. James Harrod, a learned and able speaker, who appeared upon the stand in behalf of the negative side of the question, and was followed by Mr. Wm. Moore, who Fears had chosen to assist him in affirming the question. Mr. Moore delivered a very interesting address, for a man unlearned being possessed of splendid natural wit. The question was, "Which has the greater right to complain of the treatment they have received at the hands of the white man, the Negro or the Indian." The question was argued by the four spoken of above, and decided in favor of the affirmative. We will have to give up that Joseph R. Fears is the best debator in this end of the county of his age and practice.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md.

Gentle.—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loath to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

ADAM PHILIPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

FROM

COL. L. T. FOSTER.

Youngstown, Ohio, May 10th, 1880. Dr. B. J. KENDALL & Co., Gentles—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give them a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very Respectfully, L. T. FOSTER.
